Sidewalk exists on the north side of Lake Hills Connector. Use caution and yield to pedestrians.
SAFETY TIPS

- Helmets are required by law in Bellevue. Your helmet should fit properly, have a strap, be in good condition, and comply with a certification standard. You can also purchase a bicycle helmet through your local bike shop or online retailers.

- Bikes must have brakes.

- Bicycles must obey traffic lights and stop signs (as well as other traffic control devices).

- A bicycle must yield to a pedestrian on a sidewalk.

- Steady or flashing red rear light may be used in addition to your bicycle’s lights when requested by another person.

- As a vehicle, bicycles must obey all traffic rules.

- You must stop at intersections and use caution while crossing.

- You should keep a safe distance from other cyclists.

- You should use your hand signals to indicate your intentions.

- You should look both ways before crossing.

- You should always use your mirrors.

- You should be visible to drivers.

- You should ride straight through the intersection.

- When involved in a crash on a roadway or sidewalk that results in injury, you must provide assistance to victims as soon as safely possible.

- Always ride defensively and be aware of other road users.

- Always ride predictably.

- Watch for cars and other vehicles.

- Watch for road hazards.

- Ride off the road if necessary.

- Change lanes safely.

- Make left turns from the right side of the road.

- Always ride with the traffic.

- Use mirrors when possible.

- Use hand signals when making turns.

- Use stop signs to indicate your intentions.

- Do not block lanes.

- Do not follow too closely.

- Do not ride too fast.

- Do not use your phone while riding.

- Do not drink and ride.

- Do not ride while under the influence of drugs.

- Do not ride during storms.

- Do not ride when tired.

- Do not ride during inclement weather.
